

The Veterans History Project

Congressman Moran, in partnership with Fairfax County and the Library of Congress, would like to invite you to an event on May 15th at the Hollin Hall Senior Center. The event is an opportunity to meet with Library of Congress staff, help facilitate historical interviews with veterans, and help connect those interested in interviewing and engaging the project to have an opportunity to do so.

The Veterans History Project of the Library of Congress' American Folklife Center collects, preserves, and makes accessible the personal accounts of American war veterans so that future generations may hear directly from veterans and better understand the realities of war.
